

Golf Club Length Chart

Standard men’s club lengths (steel irons). Standard fits a golfer around 5’9”–6’0” — adjust by your height and wrist-to-floor.

Standard length by club (men’s, steel)

Club	Length
Driver	45"
3-wood	42.5"
5-wood	41.5"
7-wood	41"
3-hybrid	40"
4-hybrid	39.5"
5-hybrid	39"
3-iron	38.5"
4-iron	38"
5-iron	37.5"
6-iron	37"
7-iron	36.5"
8-iron	36"
9-iron	35.5"
Pitching wedge	35.5"
Gap wedge	35.25"
Sand wedge	35"
Lob wedge	35"

Notes: Women’s clubs ≈ 1" shorter across the set. Graphite irons ≈ ¼–½" longer than steel. Modern drivers often ship 45.5–46" — many golfers hit shorter more consistently. Makers vary by up to ½"; this chart matches the standard the FitMyGolfClubs app grades against.

Length by height

Your height	vs. standard
Under 5’2"	– 1"
5’2" – 5’5"	– ½" to – ¾"
5’6" – 5’8"	– ¼" to – ½"
5’9" – 6’0"	Standard
6’1" – 6’3"	+ ½"
6’4" – 6’6"	+ ¾" to + 1"
Over 6’6"	+ 1" or more

Standard fits ~5’9”–6’0”. Adjust the whole set up or down from there.

Wrist-to-floor beats height: it captures your reach, not just your height. Measure the wrist crease to the floor in flat shoes — most golfers land 32–36".

Length sets lie too: longer clubs play more upright, so a real fit adjusts both together.
